

YOU'RE READY FOR ANYTHING

ANNOUNCING NEW DP3661e MOTOTRBO™ COMPACT DISPLAY PORTABLE RADIO

We are pleased to announce availability of the latest addition to the next generation MOTOTRBO line-up – the DP3661e compact portable radio.

The new radio is packed with features, enhancements and improvements to ensure workers are safer, more efficient and more productive, including:

5-line colour display shows call information, text messages and radio status

Indoor location tracking¹ using integrated Bluetooth® 4.0

Multi-constellation GNSS uses GPS & GLONASS for improved accuracy & reliability

Built-in accelerometer for Man Down¹

Integrated Wi-Fi® allows remote firmware updates¹

Clearer audio thanks to redesigned audio amplifier and SINC+ noise cancellation

Up to 16% greater coverage due to improved receiver sensitivity

Extended battery life of up to 27.5hrs from new high capacity battery, IMPRES™ smart energy and innovative low voltage battery technology

Improved durability with high IP68 rating
